WILL OF THE REV. ALEXANDER DYCE.

THIS is the last WILL of me, The Rev. ALEXANDER DYCE, of Oxford Terrace, Paddington, Middlesex. As to all my books, works of art, and other such effects, I dispose of them as hereinafter specially mentioned. And I appoint my friends, John Forster, of Palace Gate House, Kensington, Esquire, and William Macpherson, of Lancaster Gate, Esquire, executors of this my will, to whom I leave Nineteen Guineas each for the purchase of a ring or other remembrance of me. I give to my faithful housekeeper, Mrs. Elizabeth Choules, an annuity of Fifty Pounds a year for her life for her sole and separate use independent of any present or future husband, to be paid to her quarterly in advance from the day of my decease, and I declare that my executors may pay such annuity out of the principal or interest of my general personal estate, or may invest a sufficient portion of my estate as they may think proper for securing such annuity, but not in the purchase of a Government Life Annuity for her. And as to all the rest and residue of my property and estate, including a portion of my Government Life Annuity, my executors will sell or realize the same as may be necessary or as they may think proper, and after payment thereof of my debts, funeral and testamentary expences, and providing for the said annuity, I direct the residue thereof to be invested and held upon trust for my youngest niece, Elizabeth Dyce, now residing at Southampton, for her life for her sole and separate use, and after her decease I give the same to my godson, Archibald Campbell Maclachlan, the son of my cousin the Reverend Archibald Campbell Maclachlan, of Newton Vallance, Hants; and as to my collection of books and works of art, consisting of the whole of my rare and valuable and other books, and of my pictures, paintings, drawings, miniatures, antique rings, and curiosities, and all my printed books and manuscripts, and any other effects which may in the opinion of my executors come under the description of works of art or articles of virtu (the same being hereinafter described as "my said collection") I give the same in manner following, in which I have had regard to the gift of the Sheepshanks' collection of pictures and works of art, which I desire generally to follow, that is to say, I give and bequeath my said collection unto the Member of Her Majesty's Government for the time being charged with the promotion of art education now undertaken by the Department of Science and Art as the ex-officio trustee thereof upon the following terms and conditions, viz.:—

1. That such ex-officio trustee do within six months from the probate of my will sign a memorandum of the acceptance of the trusteeship, and deliver the same to my executors, and to be by them copied on the probate of my said will, with a memorandum to be signed by them of such acceptance.

2. That a proper and sufficient separate room or gallery in or near to the Public Buildings built or to be built for the Department of Science and Art, now called the South Kensington Museum, or elsewhere, be set apart or provided for the purpose of holding my said collection (to be called "The Dyce Collection"), and that my said collection be deposited and kept in such room or gallery.

3. The right of property in and possession of my said collection shall be solely in the ex-officio trustee for the time being, but subject to the conditions hereinafter expressed, and to be and remain always under his control, and he shall be the sole arbiter of any question that may arise touching the management or disposition thereof under this my will.
